

PRESS RELEASE - SOAR LP and SABENA AEROSPACE Join Forces

Brussels, Belgium and Long Beach, California, October 2018,

SOAR and SABENA AEROSPACE have signed a Long Term Working Agreement to offer Aircraft On the Ground (AOG) Heavy Recovery and Field Repair Services to the commercial aviation community. Services from these quality providers include recovery, evaluation, repair and modification in the field.

SOAR provides turnkey international AOG repair services, combined with dedicated global partners via the SOAR Network™ that are routed to respond quickly to aircraft incidents.

With Partner companies such as SABENA AEROSPACE, SOAR will dispatch a well-qualified team 24 hours a day, 365 days a year to provide repair teams, parts, materials, project planning, engineering, full support logistics, portable hangars and much more as part of its core portfolio offerings.

Sabena Aerospace is an independent Belgian MRO provider operating at international level and offering maintenance and operational solutions for both civil and military aircraft. The activities of Sabena Aerospace are structured in 4 Business Units: Engineering & Training, Operational Support, Components and Defense. Sabena Aerospace employs over 400 people and develops its activities from its historic headquarters at Brussels Airport, thanks to its facilities in 9 countries in Europe, the Middle East and Africa (Belgium, Luxembourg, Germany, Italy, Tanzania, Congo RDC, Congo Brazzaville, Zimbabwe & Mauritania). It's international commercial motto perfectly summaries the company's strategy: "Keep Flying, We Take Care"
